Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for right of way and construction of the US-422 Harper Road interchange in surface transportation reauthorization legislation.

The project sponsor for this project is the City of Solon and the project is located at Harper Road, Solon, Ohio 44139. The funding is designated for right of way and construction of the US-422 Harper Road interchange. The new interchange will be a Diverging Diamond with a multi-use path that will link the industrial/manufacturing area of the city with the residential area north of the interchange and the Cleveland Metroparks. The project is an appropriate use of taxpayer dollars and is anticipated to reduce congestion related air quality issues while minimizing the project footprint to reduce significant impacts of right of way needed for construction.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

David P. Joyce
Member of Congress
